GENERAL INFORMATION

Shenzhen, China's first and most successful Special Economic Zone has also become host to a fast growing Jewish Community. Established only 4 years ago, Rabbi Shalom and Henny Chazan were invited by the regional director of Chabad China, Rabbi Mordechai Avtzon to serve as the directors of Chabad of Shenzhen. Under their direction Chabad of Shenzhen has grown to be more than a Shul. Chabad is the pulse and heartbeat of this young but dynamic community. Whatever the need, Chabad of Shenzhen is the address and welcoming home for the resident and visitor alike.

SERVICE TO THE COMMUNITY

Regular programs for children and the entire family are offered alongside a daily Minyan and programs of adult education. On Shabbat and Chagim all prayers are followed by communal meals and all are welcome to attend. Other on-going programs include Jewish Holiday events, guest speakers, provision of kosher food and assistance with family Smachot.

VISITOR'S SERVICES

The many visitors are afforded an array of services that include:

- Kosher food
- Discounted hotel reservations
- A warm welcome to all communal meals

...and general advice.

THE JEWISH CENTER

The new Chabad House Jewish Community Center was recently purchased through the efforts of Chabad of China, its friends and supporters, with major grants from the Azria Family in Los-Angeles, the Choukroun Family of Hong Kong and Rohr Family in New-York and Miami.

The Chabad House JCC is conveniently located in Shekou (west Shenzhen), home to a high concentration of the Jewish Community. It is in close proximity to the Shenzhen-Wan border crossing and the ferry terminal with links to Hong Kong and the Hong Kong International airport. The local airport of Shenzhen is a 30 minute taxi ride and the Low-Hu train station is a 40 minute ride.

The JCC is an impressive villa with a spacious area of 600 square meters! Initially it will host:

- SYNAGOGUE
- RESTAURANT / SOCIAL HALL
- PRE-SCHOOL
- MIKVE

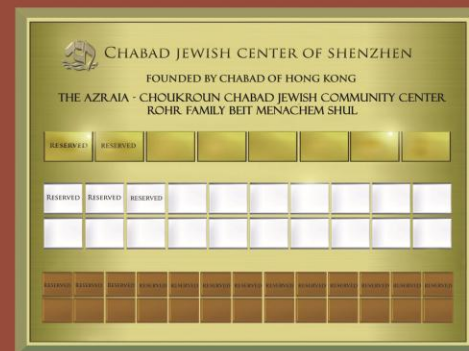

Additional facilities are also anticipated and will be incorporated in consultation with our members.

BUILDING PROJECT

To enjoy all these facilities the Chabad House JCC requires extensive interior renovations. To make this dream reality we need the help of all our members and visitors.
